Dear Sir ,

Re : Extension of time for submission of Life Certificates

Government of India released a notification extending the time for submission of life certificates by the employees of central government and other public sector units in view of heavy rush on account of demonetisation of high value currency notes.

As the bank branches are already working under pressure in the present scenerio of exchange of currency notes and as it is hard for them now to receive the life certificates and certify and feed into the system we request you to consider extension of time for submission of the life certificates by the bank retirees also up to the end of January 2017.

Thanking you ,

Yours faithfully ,

PRESIDENT
